

## Report on Dominican Republic

Dominican Republic is ranked at 42nd position on the 2013 Financial Secrecy Index. This ranking is based on a combination of its secrecy score and a scale weighting based on its share of the global market for offshore financial services.

Dominican Republic has been assessed with 73 secrecy points out of a potential 100, which places it towards the top end of the secrecy scale (see chart 1 below).

Dominican Republic accounts for less than 1 per cent of the global market for offshore financial services, making it a tiny player compared with other secrecy jurisdictions (see chart 2 below).

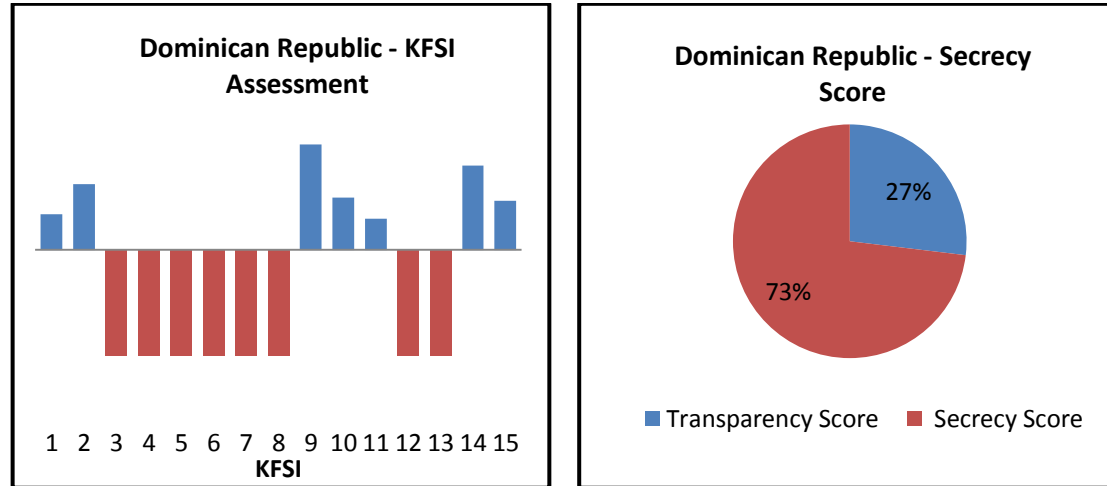

### Next steps for Dominican Republic

Dominican Republic's 73 per cent secrecy score shows that it must still make major progress in offering satisfactory financial transparency. If it wishes to play a full part in the modern financial community and to impede and deter illicit financial flows, including flows originating from tax evasion, aggressive tax avoidance practices, corrupt practices and criminal activities, it should take action on the points noted where it falls short of acceptable international standards. See below for details of Dominican Republic's shortcomings on transparency. See this link <http://www.financialsecrecyindex.com/kfsi> for an overview of how each of these shortcomings can be fixed.

## Secrecy Scores

The secrecy score of 73 per cent for Dominican Republic has been computed by assessing the jurisdiction's performance on the 15 Key Financial Secrecy Indicators, listed below.

The numbers on the horizontal axis of the bar chart on the left refer to the Key Financial Secrecy Indicators (KFSI). The presence of a **blue** bar indicates a positive answer, as does **blue** text in the KFSI list below. The presence of a **red** bar indicates a negative answer as does **red** text in the KFSI list. Where the jurisdiction's performance partly, but not fully complies with a Key Financial Secrecy Indicator, the text is coloured **violet** in the list below (combination of red and blue).
